Vessel Condition Survey

Vessel Condition Survey Application High Level Workflow

- Admin Creates New job and assign it to User in Web Application and User receives mail notification regarding the new job. (Status is set to **pending**)
- The User conducts a survey and answers all the questions and enter the crew data, upload the image and documents, and on completion of the job, the User submits the job for the review for admin. (Status is set to **For Review**),(Once the job is submits for review the User cannot modify the data further)
- Once the admin reviews the Job, he will publish the Job. The published jobs are listed under the published jobs screen. (status is set to **Published**), (Once the job is published, the Job cannot be modified further.)
- If any modification or any update is required, the admin can unpublish the job. (status is set to **Unpublished**) (Once the job is unpublished all the fields will be editable, and admin can modify/update the job).

Dashboard Screen :

The dashboard contains the **main menus** and **side menus**. Upon clicking on the **side menus**, the user will be redirected to the selected screens. The **main menus** display **the counts of the jobs** based on their status. In the **calendar**, the number of jobs performed on a particular date, along with their statuses, is displayed.

Create Job:

In the dashboard, when you click on 'Create Job' in the side menu or main menu, the page will redirect the user to the 'Create Job' page. Enter the data for all mandatory fields. The fields marked with an asterisk (*) are mandatory. Click on the 'Create Job' button.

The screenshot shows the 'Create Job' form in the Vessel Condition Survey application. The form is divided into several sections with mandatory fields marked with an asterisk (*). The left sidebar contains a menu with 'Dashboard', 'Create Job', 'Scheduled Jobs', 'Published Jobs', and 'Master Details'. The top header shows the application name 'Vessel Condition Survey' and the user 'savita karagi'. The form fields are as follows:

Vessel Name *	IMO Number *	Vessel Type *	Year of Build *	Place of Inspection *
VESSEL NAME	IMO NUMBER		Year of Build	Place of Inspection
Date of Inspection *	Last Dry Dock Date *	Number Of Cranes	Voyage	Commercial Owner
DD-MMM-YYYY	DD-MMM-YYYY	Number Of Cranes	Voyage	Commercial Owner
Surveyor Company *	Surveyor *	Master	Chief Engineer	Chief Officer
Surveyor Company	savita karagi	Master	Chief Engineer	Chief Officer
First Engineer	Technical Manager Details	Crewing Manager Details	Other Details (if Any)	
First Engineer	Technical Manager Details	Crewing Manager Details	Other Details (if Any)	

A '+ Create Job' button is located at the bottom right of the form.

- **Vessel Information:** After creating the job, the page will be redirected to the Vessel Information screen.

The screenshot shows the 'Vessel Information' screen in the Vessel Condition Survey application. The screen displays the job details for 'TTRE / 6787767 - Pending'. The left sidebar contains a menu with 'Dashboard', 'Create Job', 'Scheduled Jobs', 'Published Jobs', and 'Master Details'. The top header shows the application name 'Vessel Condition Survey' and the user 'savita karagi'. The screen is divided into several sections with tabs for 'Vessel Information', 'By Locations/Crew', 'By Categories', 'Images', 'Documents', 'Crew Composition', and 'Publish Job'. The 'Vessel Information' tab is active, showing the following details:

Vessel Name *	IMO Number *	Vessel Type *	Year of Build *	Place of Inspection *
TTRE	6787767	CONTAINER	2025	TEST
Date of Inspection *	Last Dry Dock Date *	Number Of Cranes	Voyage	Commercial Owner
30-May-2024	30-May-2024	12	1	TEST
Surveyor Company *	Surveyor *	Master	Chief Engineer	Chief Officer
TEST	savita karagi	TEST	TEST	TEST
First Engineer	Technical Manager Details	Crewing Manager Details	Other Details (if Any)	
TEST	TEST	TEST	TEST	

Buttons for 'Prelim Report' and 'Save' are located at the top right of the form. A progress indicator at the bottom right shows '0%' and 'Overall Answered'.

- **By Locations/Crew:** The Active Locations/Crew list and the mapped questions for a particular Locations/Crew are displayed with response options YES/NO/NA/NI. Depending on the selected response option, the descriptive Answer text area will be enabled, allowing the user to upload images, preview and to enter description.

Data Saved Successfully

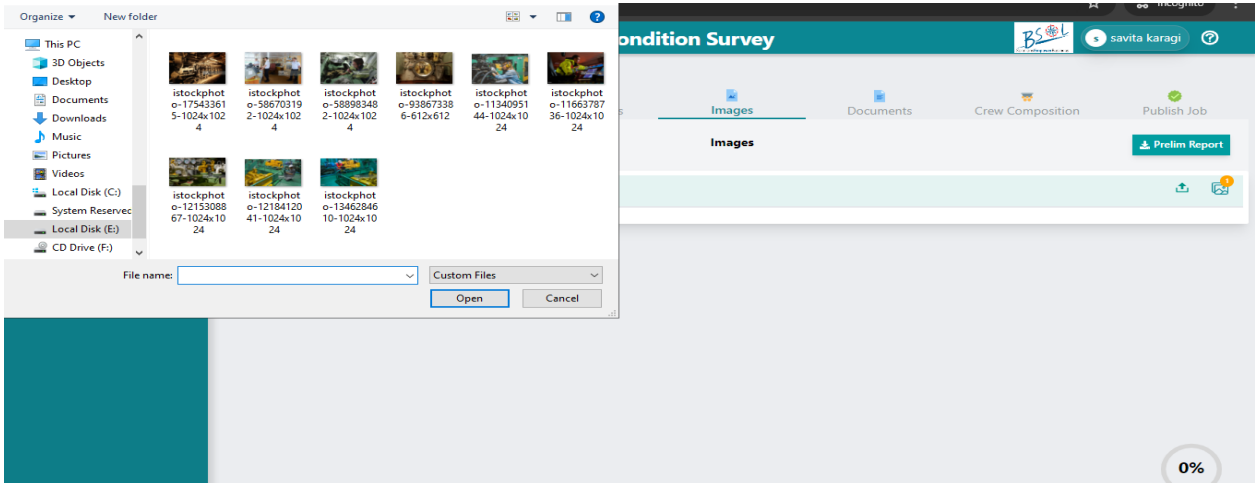

- **Images:** When the user clicks on the 'Add Segment' button, a pop-up window for creating a segment will appear. After entering the segment name and clicking on the submit button, the new segment will be created and listed under images tab.

Note: Users can create multiple segments simultaneously by clicking on the 'Add Segment' button.

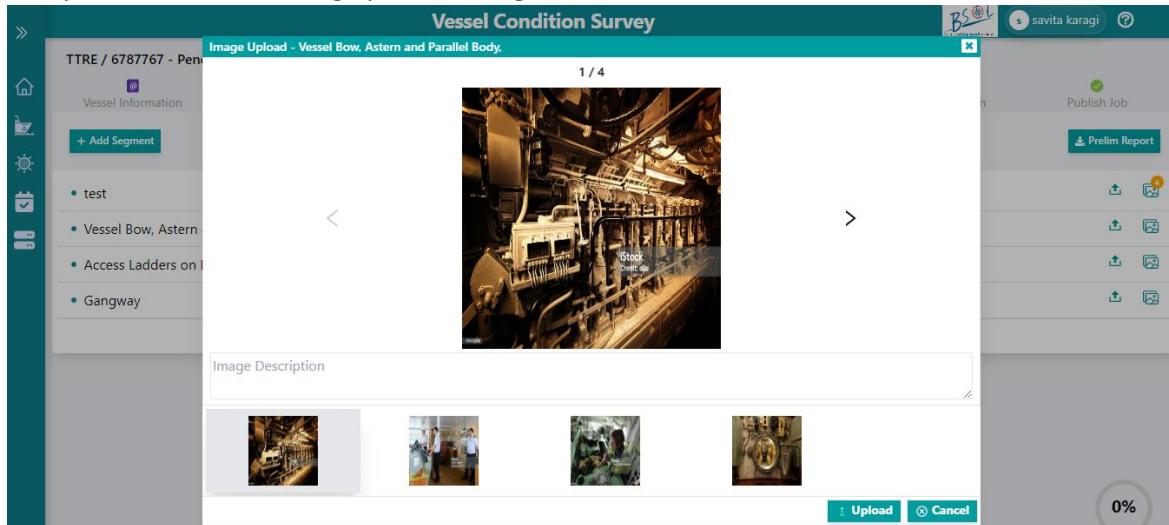

For all the created segments, users can upload images by clicking on the upload button, and they can preview the images by clicking on the preview button.

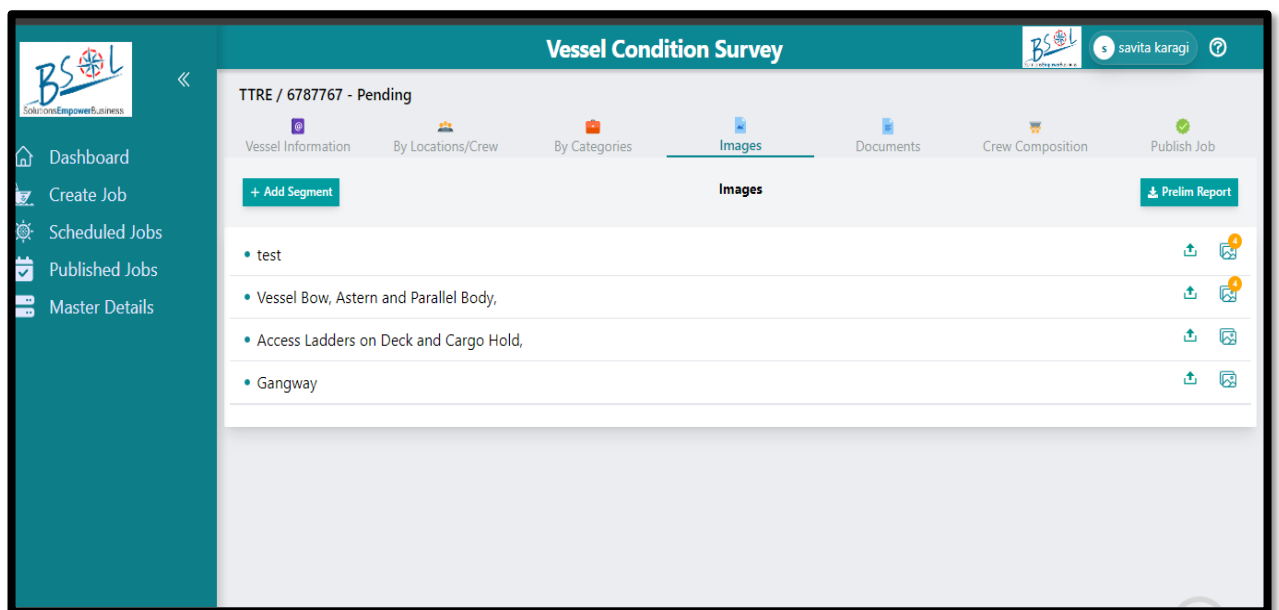

- On the click of upload button user will get the image selection option.

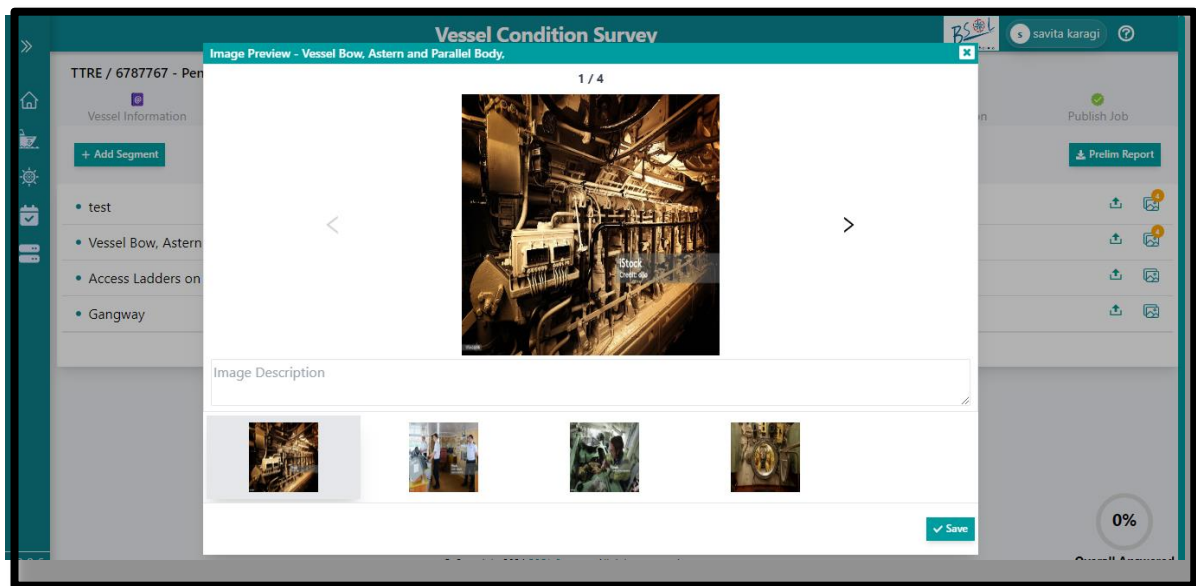

- Once the images are selected by the user, he will get a pop-up window for images preview. There he can enter the image description. Also, user can delete the image by using the delete icon present while hovering upon the image.

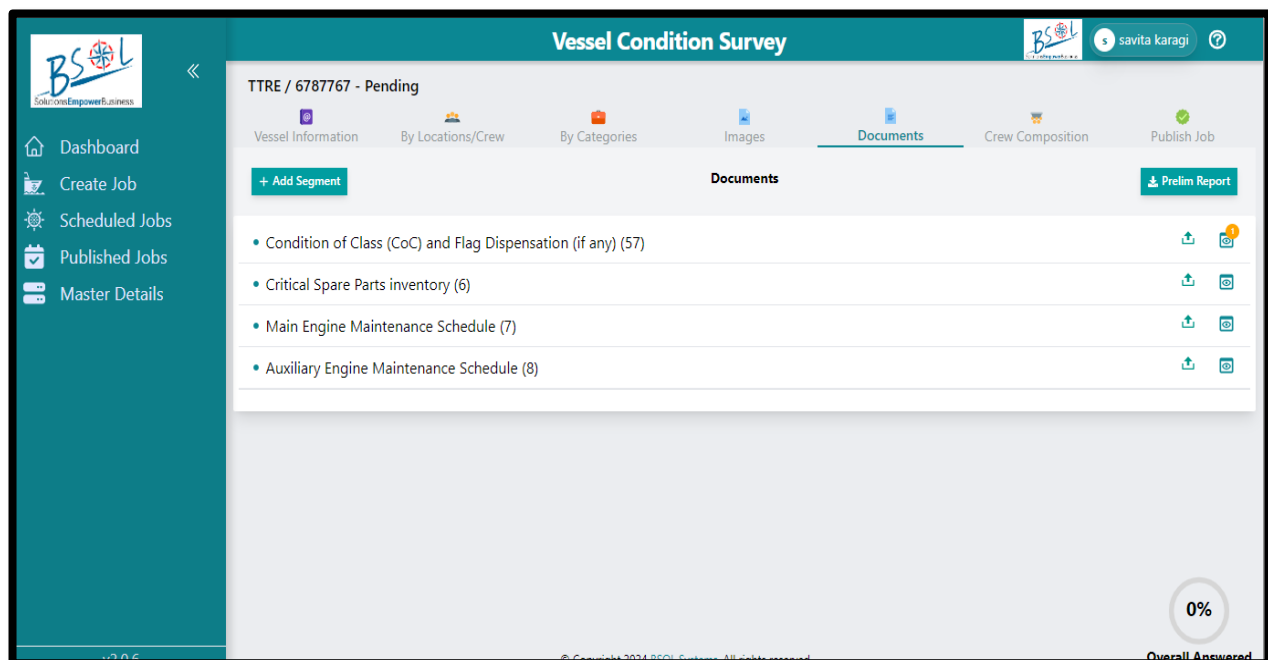

- When the user clicks on the 'Upload' button, all the selected images will be uploaded, and the images count will be displayed on the preview pop-up.

- When the user clicks on the 'Preview' button, a preview pop-up will open, allowing the user to preview the images, modify the descriptions, and delete the images. Upon clicking the 'Save' button, the images are saved with the modifications.

- **Documents:** Here, the user can create new segments and upload documents and preview the documents. To create a new segment and upload documents, all the steps are the same as in the images section.

- **Crew Composition:** In this section, user can select the experience of the Crew in years and months based on the role and the locations.

Role	Experience At Sea		Experience within Current Company		Experience onboard Current vessel		Experience in Current rank	
	Year	Month	Year	Month	Year	Month	Year	Month
Master	1	5	7	9	15	9	10	8
Chief Engineer								
Chief Officer								
First Engineer

- **Prelim Report:**

User can print the Prelim Report for the Job by clicking on the button **Prelim Report** present in all the screens inside the Job. Prelim Report contains all the Vessel Information, Questionnaires along with the responses provided by the user.

- **Final Report:**

Once the Status of the Job is set to **For Review**, the admin will be able to generate the Final Report. Final Report contains all Vessel Information, Questionnaires along with the responses and images uploaded by the user.

Steps to generate the Final Report:

- Select the Job for which Final Reports has to be generated. (Status : For **Review**, **Published**)
- Navigate to the Publish Job Screen.
- Click on Final Report present on Top Right Corner.
- Final Report will start generating. Once the Generation is complete, admin will get the mail notification from which he can download the Final Report. Or admin can download the final Report PDF from Publish Jobs Screen.

The screenshot shows a web application interface for managing jobs. At the top, there's a header 'TTRE / 6787767 - For Review'. Below it, a navigation bar includes tabs for 'Vessel Information', 'By Locations/Crew', 'By Categories', 'Images', 'Documents', and 'Crew Composition'. The main section is titled 'Publish Job' and contains two buttons: 'Final Report' and 'Prelim Report'. A green notification banner at the bottom left states 'Job Filled Successfully. You Can Verify and Submit...'. A modal window titled 'Final Report' is open in the center, featuring a 'Generate Report' button and a table with two rows of generated reports.

Master Details:

Categories: Here, users can create a new category and the associated questions for that category.

- Upon clicking the 'Add' button, the user will get a pop-up to add a new category. After entering all the field data and clicking on the 'Add' button, the new category will be created and listed under the categories. The pagination option is provided to select the different pages and see the category data.

The screenshot displays the 'Vessel Condition Survey' application interface. On the left is a teal sidebar with navigation links: Dashboard, Create Job, Scheduled Jobs, Published Jobs, and Master Details (which is currently selected). The main content area has a teal header with the title 'Vessel Condition Survey' and a user profile 'savita karagi'. Below the header, there are tabs for 'Categories' and 'Locations / Crew'. The 'Categories' tab is active, showing a table with columns: Categories, Series Start, Series End, Total Questions, Active Questions, Status, and Action. A modal window titled 'Add New Category' is open, displaying input fields for Category, Description, Series Start, Series End, and Status, along with an 'Add' button. Below the modal, the 'Personnel Safety' section is visible, showing a table of questions related to safety protocols.

Categories	Series Start	Series End	Total Questions	Active Questions	Status	Action
Personnel Safety			5	5	Active	
Schedule of Work			5	5	Active	
Safety of Vessel			5	5	Active	
Test			2	0	Inactive	
cat1			2	0	Inactive	

Questions	Question Series	Status	Action
Does the gangway condition pose any risk of slip/trip/fall due to rigging arrangements?	1	Active	
Was the crew on board found wearing proper PPE and were exposed to a safe working environment?	2	Active	
Are Collapsible hand railings (if fitted) around the Hatch covers maintained in good condition and safe to use?	3	Active	
Is the entrance of the mooring area marked as a potential snap back zone?	4	Active	

- Select the created category and click on Add button.

The screenshot shows the 'Vessel Condition Survey' application interface. On the left is a sidebar with navigation options: Dashboard, Create Job, Scheduled Jobs, Published Jobs, and Master Details. The main content area is titled 'Categories' and shows a table of categories. The 'Personnel Safety' category is selected, and the 'Add' button is highlighted with a red circle.

Categories	Series Start	Series End	Total Questions	Active Questions	Status	Action
Personnel Safety	1	50	5	5	Active	Edit
Schedule Reliability	51	99	5	5	Active	Edit
Safety of Vessel & Cargo	100	120	5	5	Active	Edit
Test	121	140	2	0	Inactive	Edit
cat1	150	170	2	0	Inactive	Edit

Below the categories table, the 'Personnel Safety' category is expanded, showing a list of questions. The 'Add' button is highlighted with a red circle.
